Course Hazards

- All major junctions will have Accredited Marshals who will endeavor to control approaching traffic, but this doesn't mean that you are racing on closed roads.
- The NEG will also be present to help control traffic, please respect them and allow to overtake when required.
- Roads are narrow in places particularly between Sproxton and Skillington,
- There are potholes and some verges are in poor condition in places and should be avoided. The recent heavy rain has also washed debris onto the road.
- Riders must be vigilant at all times and obey the highway code.
- No Litter – Gel wrappers etc can be dropped at the finish line only.

Rider safety guide

This race is run under British Cycling's technical regulations and under standard highway conditions therefore you **MUST** abide by the rules of the road.

Safety

- You are not on closed roads and you will face oncoming traffic

Marshals (static or moto)

- Direct riders around the course and warn other road users a race is taking place
- Marshals do not create road closures or make it safe to race on the right hand side of the road

Actions

- You are responsible for your own actions
- Race on the left hand side of the road – do not cross solid white lines and always avoid crossing broken white lines
- Persistent offenders will be penalised (eg disqualification or a fine)
- If necessary the race will be stopped

Responsibility

- Look after each other, behave responsibly and safely
- Do not take unnecessary risks - your actions could have serious consequences

Think

- About your position on the road
- Rider behaviour is critical to protecting the future of road racing
- We all have a part to play

Encouraging responsible racing across all levels of road racing in Britain and building a culture of collective responsibility among everyone involved in the sport britishcycling.org.uk/racesmart
